

PRECIOUS OLAYEMI AWOYEMI

Computer Engineer | Cloud Engineering (Entry-Level)

+234 8117157778 | pawoyemi5@gmail.com | [Linkedin](#) | [Github](#)

PROFESSIONAL SUMMARY

Computer Engineer with hands-on AWS experience across networking, containers, CI/CD, serverless, and security, built through guided cloud projects and backed by AWS Cloud Practitioner Essentials training. Experience maintaining live, mission-critical systems at Nigeria's Airspace Management Agency.

TECHNICAL SKILLS

Cloud & AWS: VPC, EC2, S3, IAM, KMS, Secrets Manager, CloudTrail, CloudWatch, CloudFront, Lambda, API Gateway, DynamoDB, EKS, ECR, Lex, CloudFormation, CodeBuild, CodeDeploy, CodePipeline

DevOps & IaC: Kubernetes, Docker, Terraform, CI/CD, Git/GitHub, AWS CLI, Python, Bash

Networking & Systems: TCP/IP, LAN/WAN, VLAN, Cisco fundamentals, Linux, Windows Server

CLOUD PROJECTS

VPC Networking & Connectivity | NextWork Guided Cloud Projects - 2026

- Designed custom VPCs with public and private subnets, NAT Gateways, route tables, Security Groups, and Network ACLs; peered VPCs, added Gateway Endpoints for private S3 access, and analyzed traffic with VPC Flow Logs.

Containers on Amazon EKS | NextWork Guided Cloud Projects - 2026

- Launched an EKS cluster with eksctl, containerized an app with Docker and ECR, and deployed it with Kubernetes manifests and kubectl, resolving IAM access-entry and RBAC issues.

CI/CD & Infrastructure as Code | NextWork Guided DevOps Projects - 2026

- Built a full pipeline with GitHub, CodeArtifact, CodeBuild, CodeDeploy, and CodePipeline so every push builds, tests, and deploys automatically, including a practiced rollback.
- Provisioned an S3 bucket with Terraform (init, plan, apply).

Serverless, Three-Tier & Chatbot Applications | NextWork Guided Cloud Projects - 2026

- Built a serverless REST API (API Gateway, Lambda, DynamoDB) and a three-tier app, resolving CORS and IAM errors.
- Built a Lex chatbot with a Lambda code hook, deployed it with CloudFormation, and fixed a Lambda invoke-permission error.

Cloud Security, Identity & Monitoring | NextWork Guided Cloud Projects - 2026

- Wrote least-privilege IAM policies, encrypted a DynamoDB table with a customer-managed KMS key, and moved app credentials into Secrets Manager.
- Built a CloudTrail, CloudWatch, and SNS pipeline that emails an alert whenever a secret is accessed.

PROFESSIONAL EXPERIENCE

Computer Engineer / Technical Support, NAMA, Ibadan Airport; June 2025 - June 2026

- Maintained live Communications, Navigation and Surveillance (CNS) systems supporting voice and data exchange between pilots and air traffic controllers, sustaining 99% uptime.
- Diagnosed and resolved complex hardware and power failures under live operational pressure.

Computer & Network Engineering Intern, Yale Foods Ltd; July 2021 - December 2021

- Configured and administered network servers across factory locations and delivered L1/L2 troubleshooting and repair support.

EDUCATION

Bachelor of Science, Computer Engineering, Obafemi Awolowo University, Ile-Ife, Osun State. Graduated 2024.

CERTIFICATIONS

AWS Cloud Practitioner Essentials (training completed); ISC2 Certified in Cybersecurity training (in progress); Cisco Networking Essentials; NYSC Technical Operations; NSE Graduate Member.
